Assessment

Summative assessment - we will complete these three times in the year, one per long term. These, along with Teacher Assessment, form our judgement for end of term reports.

Formative assessment - This is used continuously to inform our teaching. During lessons we will live mark and the children will self assess to get instant feedback. Green paper or support codes such as 'T' show how we are supporting children and adapting teaching.

Home Learning

We recognise the vital role parents play in the education of their children. All evidence shows that children progress more effectively with a strong home-school partnership. We strongly believe in the value of home-school partnership, of which our home learning policy is an important element.

Any concerns with home learning please let us know.

Home Learning continued . . .

Reading - We ask that your child reads every day. To support your child's reading, they will bring home their reading book and reading record. Please bring them back to school every day so we can hear them read in school.

Fluency task - This is given out each week and is based on the driver topic e.g. Dynamic Dynasties.

Spellings - Your child will be given spellings to learn each week. These are given on a Friday and assessed the following Friday.

Children now have access to Spelling Shed at home. We will be setting weekly tasks relating to their spellings.

Maths - Each week, your child will bring home a Maths task which will be based on the learning we have done in class that week.

Home learning will be given on a Friday and due the following Friday.
Extra play time and house points will be given for completion!

In our recent parent survey, 65% of our parents said they wanted to engage with us on supporting their child to achieve their best.

Thank you for being here and for your ongoing support and cooperation.
