

## Learning Experience – Rocks, Relics and Rumbles

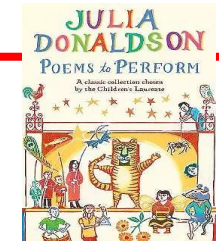

The Rocks, Relics and Rumbles project will continue for this term. The children will explore types of volcanic eruptions. They will also look at causes and consequences of earthquakes and tsunamis.

As part of this project in Science, they will also learn about forces, contact and frictional, and investigate different forces, including magnets.

## English – The Sound Collector

For the first few weeks of the term the Children will be looking at a poem called 'The Sound Collector', analysing its structure and then experimenting with nouns, verbs and adjectives to write their own poetry. They will have the opportunity to perform these poems and practise their expression and performance skills.

## French- Les instruments

In this unit pupils will learn 10 names of instruments in French. They will begin to understand articles/determiners better and that the definite article/determiner 'the' has a plural form in French. They will learn to say and write 'I play' + an instrument in French using the high frequency 1st person regular verb 'je joue' (I play) with up to 10 different instruments.

## Mathematics

In Maths this term we will be looking at fractions, mass and capacity. For fractions we will look at unit and non-unit fractions with small denominators. We will also compare and order unit fractions and fractions with the same denominators. For Mass/ capacity we will be measuring in g/Kg and looking at volume/ capacity in l/ml. Children should have a Maths Flex password and login where they can access games and resources relevant to the units we are studying. If they do not have a password, please let the class teacher know so we can give them out to you.

## Physical Education

Our units this term are Gymnastics and Tennis. Our outdoor lessons will be developing their racket and ball control and using a forehand and backhand stroke. They will also be learning some simple rules of the game. Our indoor unit is Gymnastics and the children will focus on jumps, balances and rolls and creating a sequence.

## Religious Education

This term we we look at Holy week and depictions of Jesus to explore the key events and what type of person Jesus was.

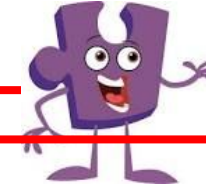

Our Key question is :

Does art help with understanding stories?

## JIGSAW (PSHE) – HEALTHY ME

In this unit the children will learn about the importance of exercise and the affects it has on the body. The children will also learn about being safe from things, people and places and strategies we can use to help.

## Art and DT

This term for DT we will be looking at Cam mechanisms in our project, **making it move**. They will experiment with different shaped cams before designing, making and evaluating a child's automaton toy in small groups.

In Art, we are looking at LS Lowry's landscapes and the genre of figure drawings in our **people and places** project. The children will create artwork in his style based on scenes around the school.

## Recommended Reading for Term 4

Please note that it is not expected you purchase these books. Listen to the books being read on YouTube, loan from your local library or read any books that are similar or linked to what we're learning.
