

History – Maafa This project teaches children about Africa past and present, with a particular focus on Benin. It traces the development of the slave trade and explores Britain's role in the transatlantic slave trade, the causes and consequences of the European colonisation of Africa and the worldwide communities that make up the African diaspora.

English – Freedom by Catherine Johnson

Freedom by Catherine Johnson- An enslaved Jamaican boy is separated from his family and taken to work in England. His owners, the Barratts, treat him cruelly, but he is determined to escape and earn the money needed to buy his family's freedom. While in London, he attends the Zong slave ship's court hearing and learns about the horrors that took place on board. We will be focusing on atmosphere and setting, as well as persuasive writing.

Swing of Change

A short film set in New York 1930's: Harry, a barber with prejudiced views, changes his mind at the arrival of a magical trumpet in his barber shop! We will be focusing on descriptive writing, dialogue and writing a chronological recount.

We will also be focusing on SATS revision and redrafts of previous pieces.

Science – Circulatory System

This project teaches children about the transport role of the human circulatory system, its main parts and primary functions. They learn about healthy lifestyle choices and the effects of harmful substances on the body.

Mathematics

Statistics – Calculating the mean, interpreting different types of graphs and charts, including line graphs and pie charts.

Geometry – properties of shapes. We will be measuring and classifying angles. Looking at angles in quadrilaterals, triangles and polygons. We will be looking at the nets of shapes, translation, reflection and coordinates.

SATs revision - Applying knowledge to reasoning questions.

Religious Education –

During this topic the Children will find out about the range of places that Hindus might visit in India; virtually interview people who have done a pilgrimage and consider the spiritual impact and the sense of community that a pilgrimage might give a believer

Year 6 Term 5

Physical Education

OAA – Skills covered at Kilvrough residential.

In this unit, pupils work collaboratively to solve problems and share ideas to create strategies and plans to create the best solution to a challenge. Pupils have the opportunity to lead a group and utilise negotiation skills. Pupils develop map reading skills.

Athletics - In this unit, pupils are set challenges for distance and time that involve using different styles and combinations of running, jumping and throwing. As in all athletic activities, pupils think about how to achieve their greatest possible speed, distance or accuracy and learn how to persevere to achieve their personal best. They learn how to improve by identifying areas of strength as well as areas to develop. Pupils are also given opportunities to lead when officiating as well as observe and provide feedback to others.

Computing - Creating media – 3D Modelling

Learners will develop their knowledge and understanding of using a computer to produce 3D models. Learners will initially familiarise themselves with working in a 3D space, moving, resizing, and duplicating objects. They will then create hollow objects using placeholders and combine multiple objects to create a model of a desk tidy. Finally, learners will examine the benefits of grouping and ungrouping 3D objects, then go on to plan, develop, and evaluate their own 3D model of a building.

PSHE – Relationships

We will be focusing on the following themes: Recognising different emotions and building strategies to manage them, identifying significant people in our lives and the influence that they have, taking responsibility for their own safety and well-being.

Art and Design – Distortion and abstraction

This project teaches children about the concepts of abstraction and distortion. They study the visual characteristics of abstraction and create a musically-inspired, abstract painting.

Music - Improvising with confidence

This unit encourages children to become confident improvisers. They will create their own personal musical ideas, thinking about phrasing and dynamics

Social question: 'How Does Music Shape Our Way of Life?'

French - At the Weekend

In this unit pupils will learn 10 phrases for activities they may do at the weekend in the foreign language. They will also be presented with further extension on telling the time and opinions/justifications. Pupils will have the knowledge and skills to talk about what they do at the weekend, enabling them to create more detailed and personalised responses by the end of the unit.

Recommended Reading for Term 5

Please note that it is not expected you purchase these books. Listen to the books being read on YouTube, loan from your local library or read any books that are similar,
